

Budgie Care Services Brochure

About Budgie Care

Budgie Care provides compassionate NDIS disability support shaped around daily life, community access, culture, family context, and clear communication.

Support areas

- Community participation and social support.
- In-home care and daily living support.
- Personal support with respectful routines.
- Cultural and language-aware support.
- Support coordination and referral pathway conversations.

How support begins

- Start with a simple enquiry.
- Share practical goals, routines, and contact preferences.
- Budgie Care reviews suitability and availability.
- The team agrees the next conversation or service pathway.

Good to know

Budgie Care keeps first enquiries simple. More detailed information can be requested later through an appropriate channel if needed.
